OLD TOM'S.

HISTORY OF A FAMOUS CHOPHOUSE

TWO ESTABLISHMENTS IN THAMES ST. LAY CLAIM. WITH JUSTICE, TO THE NAME, AND THE OLDER IS THREATENED WITH

One of New-York's quaintest landmarks, the gray pearance, its moderate cost. century ago, is threatened by the march of prog-ress. Back of it in Cedar-at, stands Engine-house No. 6, and so hampered is the company because of the cramped condition of its quarters that t nding the house through to Thameset, and times, is no longer a part of "Old Torn's."

It is all that is left of the original foundation of the chophouse that rose into fame in 18.7 and became the headquarters of the literati, the artisis and the actors of the New-York of that day, nev-

ertheless. Some interesting history that the New-Yorkers of this generation do not know lingers about this locality. "Old Tom" still drinks his ale preserved, but what is now known a the building at Thames and Temple sts.-the northwest corner-is actually only about thirty-five years old. The original building that steed on this corner, traditional as the home of the famous Charlotte Temple, and full of Revolutionary memo-Charlotte Temple, and land in the sixti ries, was torn down early in the sixti was talsed in its place is old-looking en door, but, as a matter of fact, it is a fish, was a white cottage of wood, with Colonial characteristics. A picture of it may be tound in "Valentine's Manual" of the late fifties, and it the Our American Homes

DLD TOM'S, AT THAMES AND TEMPLE STS. No. 7 Thames so, at the left of the picture, contains the "inner room," and is threatened with

residences. Mrs. Anne Smith turned the corner The trade and the fame of this little eating-house grew apace, even before Holahan took charge, and it soon became necessary to take in the building

next door.
Unchanged and in all their quaintness these two rooms saw the famous men of New-York sup and drink in them for over forty years, or until the war times of '61. The room in the Temple House. being hearer Broadway, was first filled every noon being hearer Broadway, was first filled every noon and night, but its tables were too few, and the crowd of hungry gentlemen of the day would push by the grave waiters and "Old Tom" himself, with his pewter pots and his earthenware mugs, and pass into the second room. It was a rare might when this "inside room" was not filled, too, and with quite as good a company. It had its own especial entrance—a flight of three tumble-down stone steps in Thamers-t,—the old doorway is there yet, known as "the crooked stoop," and late comers always went in that way.

Here was the room that is now in danger. The pass into Pots and his carthenware mugs, and when this the second room. It was a rare might when this the second room, it was a rare might with quite as good a company. It had its own especial entrance—a flight of three tumble-down stone steps in Thames-st.—the old doorway is there yet, known as "the crooked stoop," and late comers lived by Captain Shechan and Sergeant Here was the room that is now in danger. THE HEALTH BOARD TO LODGE AN APPEAL.

PENDING A FURTHER DECISION AS TO REAR TEN-EMENT CONDEMNATIONS, PRESIDENT WILSON SAYS. THE WORK WILL STILL GO ON.

The Health Board will carry to the Court of Appeals the decision of the Appellate Division of the Supreme Court reversing the order and judg-ment of the court below as to the condemnation of rear tenement-houses. According to Charles G. Wilson, president of the Board, that body will endeavor to maintain their action and to support by proof the declaration of the referee that the mises in question in the rear of No. 308 to 314 Mott-st. were unfit for human habitation.
"These rookeries," said President Wilson yester-

condition is extremely bad, and they are in fact inhabitants. A number of houses have been washed no dwellings at all, but mere shantles. While out to sea, and several people are missing. day, "are notorious as being the very worst of all

condition was due largely to the fithy habits of the persons who inhabited them. has some truth, it does not cover the whole matter. Moreover, this decision of the Appellate Division will in ne-wise affect future condemnation proceedings re-garding rear tenement-houses. This case stands The Health Board's method of procedure in

The Health Board's method of procedure in condemnation proceedings, which may not be fully demnation proceedings, which may not be fully understood at large, is as follows: A tenement-independent of the superior of the sup
